At the 1985 AGM the Association accepted an offer from the Lower Hutt Rock 'n' Roll Society to host a National Junior Championship as a trial event in order to gauge the response and to test suitable age categories. This inaugural event was a resounding success and the Juniors were officially given the go ahead from Easter 1987 (in conjunction with the AGM), that championship being hosted by the Kapi Mana Rock 'n' Roll Club. Hence the Association now convenes both a Junior and a Senior Nationals Championship each year.

The initial elected officers of the Association were committee members of existing Rock 'n' Roll Clubs:

President	Michael Gray	Wellington
Vice President	Owen Castle	Auckland
2nd Vice President	Frank Sirs	Wellington
Secretary	Terry Crook	Lower Hutt
Treasurer	Judy Russell	Lower Hutt

At the 1986/87 AGM it was decided to delete the position of the 2nd Vice President (Junior Vice President) and make the Head Judge a Member of the Executive Committee.

As a body, the Association has been virtually a totally new venture. While there have been and are other forms of dance competitions in existence the Association has, since its inception, continually developed its own code of rules peculiar to rock 'n' roll and the ideas of its member clubs.

In order to match the development of the competitors, the Association held two General meetings a year: The Annual General Meeting at Easter and a General Meeting at Labour Weekend. As these coincided with the competition weekends, this minimised the cost to clubs participating in the Association, but it also meant a very busy weekend for those delegates involved in organising or participating in the competition. Thus the 1987 General Meeting resolved that meetings be held separate from competitions. The Association now holds the Junior National Championships at Easter, the Annual General Meeting in May and the Senior Nationals at Labour Weekend.

As the competition and the Association developed, not all clubs had a desire to compete, and there was a non-competitive membership of the Association catered for until the 1993 AGM. At

the 1994 AGM the word "Affiliated" was dropped from the name as Clubs had to be associated and there was no longer an affiliation membership offered.

The Association runs the annual competitions in conjunction with a member club which acts as the Host for the championships. The host club is responsible for organising the function at which the championships controlled by the Association takes place.

The following pages comprise the guidelines covering the operation of the Association and the competitions under its jurisdiction. Any matters not referred to or questions arising from these should be referred to the Executive Committee via the Association Secretary.

SECTION 3. BASIC ORGANISATION

The selection of a club to host the National Championships is made at the AGM. A newsletter should be forwarded to all associated Rock 'n' Roll clubs as an initial indication of the upcoming National Championships.

3.1 ENTRIES

All competitors (with the exception of Novice) will have been assessed. It is the club's responsibility to ensure the correct procedure for assessments has been followed in accordance with the Rule Book.

When entries come in, ages are checked to ensure that they are in the correct section. Spreadsheets are completed for each section, to facilitate the draw. The draw should be completed as soon as possible after the closing date for entries.

The draw is undertaken by the Executive Committee, and is random and without knowledge of individual dancers.

The Host Club will be advised in writing of the draw for the printing of the competition programme.

The Association Secretary will circulate the draw so that all competing clubs are equally aware of

the draw.

When doing the draw, the objective is to mix the participating clubs, including regionally. If two entries in a particular section are from the same club then, where possible, they should be put into different heats. There are to be no more than 6 couples in a heat.

Entry fees are to be banked by the Association Treasurer and receipted to the club.

3.2 PEOPLE AND EQUIPMENT

Aside from the very important entrants, the competitions require for example the following:

- i. An Association working committee including the appointment of one or more floor manager/s (i.e. one or more of the Executive Committee) ['87 AGM]
- ii. Judges, Scrutineers and Runners
- iii. One or more MC's appointed by the Executive Committee
- iv. A Disc Jockey, employed by the Host Club, with approval from the Executive
- v. A list of Association approved songs
- vi. Certificates and medals (or similar that are retained by the place getters)
- vii. Competition Trophies
- viii. Competitors' numbers to wear, best dressed numbers, judging sheets, clipboards, pens, envelopes for scrutineers sheets etc.
- ix. A programme

3.3 EQUIPMENT

The Association is responsible for the direct costs associated with the competition – certificates, medals & trophies (except where sponsored) ['85 AGM '87 AGM]

Certificates

Each competitor is supplied with a participation certificate except the Novelty section where the club only receives one certificate ['97 AGM]. Sufficient certificates are to be ordered from the printer.

Medals

1st, 2nd, 3rd, 4th and finalist medals for sections 1, 2, 3, 4, 10, 11, 12, 13, 14 & 16 ; 1st, 2nd and 3rd medals for sections 7 & 8, and 1st, 2nd and 3rd medals for sections 5, 6, 9, & 15 and all best dressed sections.

Returnable Trophies

Returnable trophies are awarded to first place getters in all sections including best dressed.

Judges and Scrutineers Sheets

Sufficient sheets shall be printed by the Association. Armchair judges' sheets shall be of a different colour to those colours used by the official judges. The judges' sheets shall be put in order of events on the clip boards prior to the championship weekend and checked by the judges at the judges meeting.

Computers and Software

When used, the scrutineering software application and copy will be supplied by the Association. Where possible the scrutineers will supply a computer and printer.

Scrutineers Table

Separate tables are to be provided for Scrutineers with plenty of light, an extension lead and multi box with access to a separate wall socket, supply of paper, pens, pencils, rubbers, sharpeners,

envelopes for results etc. The tables should be near the Officials table, and away from the general body of the hall.

Officials Table

A table separated from the general body of the hall is to be provided with seating sufficient for the Judges, Officials and working Executive. This table is to be separated from the general body of the hall, but still allowing visibility of and easy access to the dance floor.

Presentation Podiums

Four Podiums for presentations are to be provided. The three podiums for 2nd, 3rd & 4th placings should not be more than 300mm in height and a first place podium not more than 450mm high. Each must be adequate in size for three adults to stand comfortably.

Trophy Table

A table is to be provided approximately 3.5m long with two raised tiered shelves running the full length of the table. Alternatively approximately 2 m long with three raised tiers as before. Each shelf should be a minimum of 300 mm wide.

Judges Stands

Four raised platforms are to be placed at the four corners of the dance floor to allow an elevated view for Judges. The platforms are to be at least 30cm high and 1 m sq. Two to three chairs are to be placed near each platform, depending on the number of officiating judges.

Donators of the Trophies

The Association Secretary contacts Clubs/donators to see who will be presenting the trophies. Clubs should provide this information at least one week prior to the event.

Competition Numbers

The Association Secretary is to confirm that there are sufficient competition numbers for the entrants to wear. Note: each person wears a number in couples and triples. The numbers are black on a white background. The dimensions of the numbers are to be between 20cm to 25cm square (20 x 20 to 25 x 25), with the individual numerals 10cm high by 6.5cm wide, spaced 1.5cm apart. To avoid possible confusion with the judging system the competition numbers are to commence from the number 300 upwards.

Each competition number is to be checked prior to the competition and to be in a good state of repair and supplied to the competitors complete with 4 safety pins. A club will be charged \$35.00 per number (loss of Association property) for each competition number not returned during the weekend of competition to the Floor Manager or other notified persons.

3.4 OFFICIALS

The Executive appoint the following Officials per championship,

MC(s)

Judges

Scrutineers

Floor Managers

Runner(s)

The DJ is employed by the Host club after consultation with and the approval of the Executive.

No officials may wear club colours (for Runners, this applies only to the day(s) they are running). The Association expects that all Officials use the utmost discretion with regard to the consumption of alcohol and the use of cell phones.

Expenses for all Officials are met by the Association as per Section 3.5 with the exception of the DJ(s) whose expenses are met by the Host Club, and Runners who are provided venue tickets

by the Executive for the day(s) they work.

Where possible, each of the Officiating Executive at a Nationals will be appointed as an official. With the exclusion of the DJ, all appointments are confirmed by the Executive in writing including any details of the appointment, any advice, special requirements, etc.

Floor Managers

Two Floor Managers will be appointed per day of competition, at least one of whom would preferably have been a floor manager at Nationals before.

Scrutineers

A letter of appointment is to be sent to the Scrutineers advising of the system to be used, expected requirements of the Association etc.

Judges

The Judges are selected by the Executive Committee.

All Judges on the official register of National Association Judges are asked to indicate availability for a Nationals and to indicate any conflicts of interest. From that the Head Judge prepares a list of judges available for selection and provides a shortlist based on the most preferred panel.

When making the final selection, the Executive Committee considers the following:

- That judges are from a spread of areas, northern, central & southern
- That judges selected have a range of experience
- That judges selected have fulfilled the criteria laid out in Rule Book A regarding judging and attending workshops
- The cost of travel
- Any conflict of interest

Once judges are selected, they will be invited without delay to enable them to arrange travel and accommodation. Judges who made themselves available but were not selected will be advised in writing or by email.

The Executive will check the possible conflict of interest of family relationship or coaching of entrants and ensure the judges selected are rotated accordingly.

The Association recognises the desirability of giving as many Judges as possible experience at National level either officially or in armchair capacity.

When Judges are used to judge less than the full number of sections because of family conflict or other reason, then such Judge should armchair judge those other sections and submit those separate sheets for the Head Judge's later consideration. It will also assist that Judge to "keep in touch" with the competition [87 AGM].

Judges need to be appointed for both Saturday and Sunday.

Saturday: Sections 1, 2, 3, 4, 9, 10, 11, 12, 13 & 14 and best dressed competing couples.

Sunday: Sections 5, 6, 7, 8, 13, 15 & 16 and related best dressed sections and best dressed male and best dressed female sections.

The Judges Rotation will be decided by the Head Judge prior to the championships but not advised to the Judges until they attend the Judges Meeting at the championships.

The Judges shall meet at a time set by the Executive Committee. Such meeting shall be to receive sections to judge, discuss the rules, review the judging definitions and check the judging sheets, enquire as to platforms required, expected conduct of judges, procedures etc.

3.5 Reimbursements

Travel – Officials will, upon production of receipts, be reimbursed travel expenses no more than the Air New Zealand “Seat + Bag” * or equivalent airfare including reasonable insurance fees excluding booking/commission fees, or petrol/vehicle costs at 40c per kilometre whichever is the lesser.

Accommodation – Reasonable accommodation costs will be paid for by the Association or reimbursed upon production of receipts.

Meals – a meal allowance of \$50 will be paid to all judges, armchair judges, scrutineers, armchair scrutineers, floor managers and MCs with the exception of any of these positions being filled by a member of the Executive Committee.

In addition to the meal allowance, Armchair Judges and Armchair Scrutineers will receive \$100 as a contribution to their costs.

SECTION 4. MUSIC CRITERIA & SELECTION

The Executive Committee will from time to time issue a list of songs used to select the music for the National competitions. This list will be made up in the following way:

Slow Songs:	110 to 136 beats per minute inclusive
Medium Songs:	137 to 156 beats per minute inclusive
Fast Songs:	155 to 185 beats per minute inclusive

The songs/instrumentals are to be original recording and artist (or most known version).

The songs will be recorded between the years of 1951 and 1964 inclusive and the length of the songs for the list will be a minimum of 1 minute 45 seconds and a maximum of 3 minutes.

Submitting Music for Consideration

Clubs wishing to suggest new songs for consideration to be added to the song list must submit the original or most well-known version of the song, which must fit the criteria above. Music is to be submitted in MP3 format, preferably on a memory stick, accompanied by a document listing the song(s) by the title, artist, speed, length and the date it was recorded.

The Executive Committee then considers whether they are suitable for inclusion on the list, and draws up a short list. This short list will then be sent to clubs for comment within a specified time frame before the Executive Committee makes a decision.

The Executive Committee will notify clubs of additions to the song-list via the Association Newsletter and make copies of the added songs available to clubs.

Clubs can request a song or songs be reconsidered for either inclusion or deletion from the list. The decision of the Executive Committee is final.

Selection of Music for National Championships

Music for the National Championship is selected by the Executive Committee. Any Executive Committee member who is competing in that Championship does not take part in the selection of music for that championship.

Where possible songs selected will be of similar length and speed and where possible, tempo

within a section's heats, quarterfinals or semi-finals. Songs may be selected more than once within a competition.

Top Club and Senior Team songs will not be selected for any other sections in the same competition.

The list of songs selected for the competition will be supplied to the DJ in advance of the competition.

Top Club and Senior Team Songs are selected by the Executive Committee and advised to clubs in February (for Senior Championships) and September (for Junior Championships). The song(s) will be supplied to the DJ to be played at the competition and for training purposes to clubs who enter the section.

SECTION 5. PROGRAMME INFORMATION

Competition numbers and participation certificates are handed out on the Friday to the respective club Team Managers.

Clubs are to provide the Executive Committee with the names and email addresses of their nominated team managers. This allows for information to be circulated prior to the Nationals.

Note that the information below may vary from venue to venue.

5.1 Information for Club Team Managers

1. The Team Manager is responsible for his/her whole club, competitors and spectators alike. *Those under 18 years of age must not be drinking alcohol.*
2. There is to be:
No dancing in high heels at all times
No food or drink on the dance floor at all times
3. The Team Manager should know the rules of the competition and make sure that the competitors are also aware of the rules and how they affect them.
4. Team Managers should ensure that the competitors are not contravening the dress code (Rule Book A, Section 2) before the first heat of the section they are competing in takes the floor, as the Team Manager will be the one called for when they are to be disqualified. A medical certificate is required for any dancer needing a wrist bandage and for medication or any other substance (excluding inhalers) required by competitors between the two songs
5. The Floor Manager/s and the Head Judge monitor the dress code in a marshalling area prior to the Best Dressed competition.
The competitors shall wear what they are to compete in except jackets, boleros, shawls, capes, neck scarves, ties, collar tips and jewellery which may be removed for dancing. Any other items deliberately removed between marshalling and competing, or while competing, may result in disqualification. All other attire must be the same. One garment perceived to be two will be treated as the non-removable garment.
6. Judges may be invited to the marshalling area prior to the Best Dressed parades for a preliminary view of the garments.
7. For competitors, shoes with heels should have heels no higher than 20mm measured at

the instep and for females, 25 mm at the heel. Heel prints must have a minimum measurement of 40mm x 40mm (2007 AGM). This restriction also applies to the Sunday best dressed female parade. (2012 AGM)

8. The Judges are out of bounds to competitors and club members. Club members and supporters must never abuse the Judges, their decisions or where they wish to stand to view the competitions. Offenders will be removed from the venue.
9. Dance offs are always a possibility and all competitors should remain in the hall at the end of the heats, quarter finals, semi-finals and finals to make certain that a dance-off is not going to affect them. Dance-offs will be held as soon as practicable and as the programme allows.
10. All competitors are to take their position on the floor immediately and refrain from pleasantries and wishing their fellow competitors good luck on the floor etc. as it will be stated "Judges are ready, competitors, your first song is..."
11. The Executive Committee, when preparing the programme, allow for a little more time than needed for heats. This is to allow for the possibility of dance-offs etc. The programme may run ahead of time. The competitors must always be ready. Where possible this extra time will be used for general dancing breaks, but could also be used to extend the tea break.
12. There are tea breaks away from the Venue both days, Team Managers need to be aware of the session starting times and get competitors there on time
13. Inhalers or any medication supported by a medical certificate should be handed to the floor manager/s when competitors are called to the floor. Please write the competitor's number on the inhaler to avoid confusion.
14. **Presentations.**
Please ensure all your finalists, Best Dressed and dancing, are ready at the time stated in the programme (Jacket, tie, bolero etc.) and listen for instructions from the MC.

All Couples and Triples Dancing Finalists will be marshalled for the presentations. They will be called to a marshalling area beside the stage by section or sections and will be called to the podium from there.

- a. Note that the Best Dressed Finalists, Cheerleaders, Top Club, Senior Teams and Novelty will not be marshalled
 - b. On Sunday only, presentations will be held after the completion of each category of the competition. Approximate times are stated in the programme.
15. There are to be competitors only on the podium for the presentations and photographs – if a Competitor can't take the podium then the team manager/s can accept the presentation on their behalf.
 16. An envelope will be handed out at the Team Managers' meeting on the Friday night containing:
 - i. A cloth number for the back of each competitor
 - ii. A paper number to be carried during the best dressed heats and finals

- iii. A certificate for each dancing competitor
- iv. One certificate for each Club with a Novelty entry

Note: Where there are split club entries, the paper number will be in a female partners club pack.

17. The cloth number must be attached to the back of the outermost layer, be it jacket or waistcoat or shirt, for the male and the rear of the female jacket or dress/skirt. For the female it does not have to be on the back but it must be on the rear.

When the competitors have completed their part in competition the Team Manager must collect these cloth numbers and return them to the floor managers after the presentations or when asked by the DJ/MC.

The paper number is to be carried in the best dressed and facing the centre/Judges during the heats and finals to make it easier for them to be seen.

18. Any late scratching is to be put forward and the competitor badges, certificates and any gifts that the Host Club has provided returned.
19. For Top Club & Senior Teams, clubs can nominate up to two substitute dancers. Only those entrants that actually dance are recognised as competitors and hence, non-dancing named entrants do not receive participant certificates etc. or take part in any presentation.
20. Clubs that wish to order copies of the Judges/Scrutineering sheets should place their order, complete with payment, with the Association Secretary or Treasurer at the Team Managers meeting. The cost will be advised to clubs by newsletter prior to the event.

5.2 Setting the Programme

The Executive Committee will set the timetable for the competition in conjunction with the Host Club. The Senior Championship and the Junior Championship shall start on a Saturday.

Competitors are to be at the venue prior to the start of the competition. The competition is to start at the appointed time. Entrants who are not on the floor when the first song of their section commences will be deemed to have withdrawn from the competition.

The DJ is to commence playing music to allow dancers to warm up/relax prior to the competition commencing.

The competition is run in at least 2 and up to 4 stages depending on the number of entrants: Heats, Quarter Finals, Semi-finals and Finals.

Heats

Allow 10 minutes per individual heat, 2 songs are used, 5 minutes per song

Quarter finals

Allow 10 minutes per individual quarter final, 2 songs are used

Semi finals

Allow 10 minutes per individual semi-final, 2 songs are used

Final

Allow 10 minutes per individual final, 2 songs are used

Top Club & Senior Team

Allow 5 minutes per Top Club /Senior Team

Novelty

Allow 6 minutes per novelty

Cheerleaders

Allow 5 minutes per team

A break should be included between stages. This is required to allow for possible dance-offs and competitors entering two sections (i.e. Triples and Top Club etc.).

In the instance that a dance-off intrudes into the break, then such competitors shall have at least a 15 minute break before again being required to dance.

The best dressed competing couples etc. shall be judged during a parade prior to commencement of that sections dance competition, and if there is a Best Dressed Heat and Final, the heat shall be immediately prior to the dance competition and a one song break shall be given before the final, which will be after the last dancing heat.

On Saturday, allow at least one hour for presentations and photos. On Sunday presentations take place as soon as possible after the completion of each category e.g. Same Sex, Triples etc. There will be four daises for presentations to all final placings.

Raffles etc. or other events organised by the Host Club that need to be included in the programme need not be published, but the MC and Floor Manager must be advised at the commencement of the evening that they need to be included in the programme.

Other announcements, lost and found requests etc. should go to the Floor Manager who can pass these on the DJ/MC if required.

Speeches

Apart from the Official Opening and welcome there should not be any need for the Association to make speeches on the Saturday, and similarly, if done by the Host Club it should be kept brief. The Association President should make a brief speech on the Sunday night, 3 to 5 minutes at the most, closing the event and advising the next venue.

Supper

If supper is offered, it should be continuous if possible for 1 to 2 hours. The Judges, Scrutineers, Officials, Executive Committee and their partners will need time to partake of suppers/meals (or whatever is provided in the programme) separate from the crowd.

Meetings

The Officials Meeting & Team Managers Meeting will be held at the venue at a time decided by the Executive Committee.

Programme

The quantities and cost of printing the programme is the responsibility of the Host Club.

A Copy of the programme must be made available to all Officials and Team Managers on Friday.

The Association is responsible for the competition format and provides for the competition: working Executive, Judges, Scrutineers, MC, runner(s) and all materials for the competition including judges' sheets and clip-boards, scrutineers sheets, pens, paper, envelopes, etc.

The Host club is responsible for appointing the DJ and any associated costs. Consultation with the Executive regarding this appointment is essential.

The Host Club is obliged to collect a \$5.50 levy for each Saturday and each Sunday ticket sold excluding public seating sales (2013 AGM). The levy is to be paid to the Association within one month of the competition.

A set of accounts and a written report is to be submitted to the Association at the AGM following the event.

A co-ordinator from the Host Club is to work in conjunction with the Executive Committee.

The Host Club is to be required by the NZARRA to make a DVD of all competition sections and presentations, including all the dancing in all the heats, quarter-finals, semi-finals and finals, to be available for purchase at a reasonable cost to clubs and/or their members and sent in a timely manner.

The Host Club will provide a complimentary copy of the DVD's to the Executive Committee for

the Association library as soon as it is available.

Clubs must be allowed to bring in their own video camera, though a video pass may be a requirement of the host club. Where possible, a place is to be set aside, with an unobstructed view, for video pass holders [1995/2005 AGMs].

Gain up to 4 points

ACKNOWLEDGE: Competency in execution of the entire routine. Innovation and creativity that sustains interest throughout the entire dance
Entry and Exits of moves which enhance the flow of the routine
Confidence, ingenuity and mastery in execution of the dance and blending of the routine to the music

Gain up to 1 point

X FACTOR: Wow – Showmanship

Section 10/11 – Restricted:

IMPORTANT: “X” – is to be marked by judges at all times where one person in the couple takes the weight of the other person while that person is not in contact with the floor.

In Heats, Quarter-Finals and Semi Finals, if such a move is sighted the “X” will be in addition to the points awarded for that song. Up to 2 points may be deducted.

In a Final, if such a move is sighted, an “X” will be given instead of the placing for that song.

General Guide for Allocation of Inappropriate or Fault points:

Judges will have to define for themselves when allocating these points – just how *minor or major* the fault is.

Minor/ Medium: up to 2 points

Major: up to 5 points

Example:

Stumble/baulking/interference	Up to 2 points from Timing/Harmony/Variety judges
Poorly executed aerial move	Up to 2 point from Timing / Harmony / Variety judges
2 Arm-lengths	Up to 2 points from Harmony Judge
Crash/Fall (bottom on floor)	Up to 2 points from Timing / Harmony / Variety judges
Above Head with no physical contact	5 points from Harmony/Variety judges
Stop dancing for a period of time	Up to 5 points from Timing / Harmony / Variety judges

Please note: Couples who stop dancing altogether for a period of time:

On placings: Placed last in that song e.g. 5 in final - 5th place.

Competitors dance and finish the slow and are placed appropriately. They then stop/sit in the fast. Depending on their placing in the slow and in comparison with the placings of the other

competitors in the slow and the fast song, there is the possibility of their still taking a place in the overall judgment.

On points: Points are awarded for what the competitors have achieved e.g. they start and have a hiccup in the middle of the routine, stop, adjust and then carry on. They will be awarded marks accordingly for the first and last sections of the dance, but always taking into account the degree of time that they stopped dancing.

The above examples are to help define dancing faults, thereby retaining a consistency within our Guidelines. They are generalisations and to be considered in conjunction with the Judging Guidelines.

Words of wisdom:

Your distance from the couples on the dance floor can influence your judging – “be aware and take care”.

Be comfortable where you stand. “Interpretation, expectations and influence” – be realistic, fair and honest at all times!

Remain ‘focused’ throughout the **entirety** of each song – **2 songs, 2 judgements**.
